

# Manor Park and Hempstead Fields Residents' Association

## A Great Idea That Just Got Better!

Buxted Medical Centre is now included in The Manor Park and Hempstead Fields Residents' Association's door to door Surgery Car Service, and at no extra cost.

This service, which already assists those needing help getting across town from Manor Park and Hempstead Fields to the Meads and Bird In Eye Surgeries, has now been extended to the Buxted Medical Centre.

The fixed fare of just **£3.50** for each return trip, remains the same for all three surgeries. The volunteer drivers pick up passengers from their home, drop them at the surgery, wait whilst they are seen, and then drive them back home.

- The service operates Monday to Friday 9.30am to 4.30pm
- Call **01825 578006** Mondays, Wednesdays and Fridays between 9 and 10.30am or 4 to 5.30pm, to make a booking, or for more information.

Joy, a Surgery Car Service user, tells us that she absolutely delighted with the service.

"The people are all on the ball and everyone is very friendly and helpful and the drivers will wait for you while see the doctor if you want. I really am very happy with this service; previously I would sometimes have to walk to the surgery".

Paul Sparks, Chairman of the Residents' Association, said

"All the doctors' surgeries are located some distance from north Uckfield and this service was introduced to help our residents that find it difficult to make the journey to their surgery. This could be because they have no car, can no longer drive or maybe because their illness prevents them from driving for the time being.

I must emphasise that this service is open to anyone living on Manor Park and Hempstead Fields, not just members of the Residents' Association, and that people really shouldn't be shy or in any way reluctant to ask to use our service, after all we introduced it for those that need a helping hand".
